

DOSATRON®

WATER POWERED DOSING TECHNOLOGY

PAA Portable Sanitation System

The combination of Dosatron's chemical injector, a Quick Hook-Up kit, and our 5-gallon cart make the perfect, portable system for sanitizing and PAA applications. The system is economical to operate, designed specifically for your needs, and the on-demand dispensing eliminates waste.

Dosatron injectors are water-powered so no electricity is necessary and they compensate for flow and pressure changes providing consistent, repeatable results. They are simple to use, easy to adjust allowing for flexible dosage rates, and Dosatrons are easy to maintain, saving you time and effort.

The 5 gallon DosaCart was designed for maximum stability and features:

- Polyethylene construction
- 5-gallon bucket with lid
- 10" no flat tires for maximum mobility
- Dimensions are 44.5" high, 19" wide, and 22" deep

Dosatron's Quick Hook-Up Kit includes everything you need for quick and easy installation of the Dosatron injector onto the DosaCart.

The Dosatron PAA Portable Sanitation System is great for:

- Food Sanitation
- Water Purification
- Bio-Film Removal
