

# DOSATRON®

WATER POWERED DOSING TECHNOLOGY

## DM11F

### The Dosatron Diaphragm Medicator

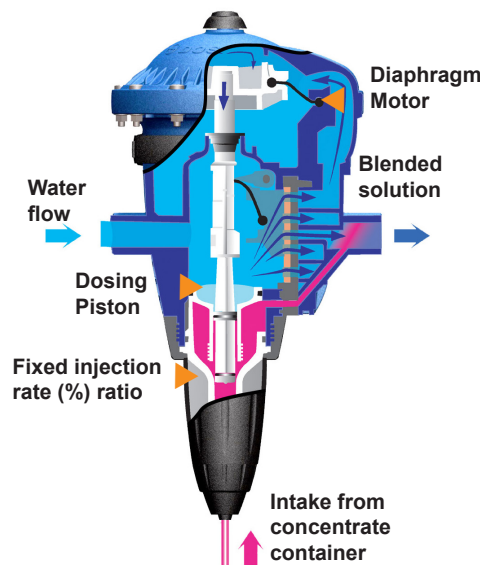

Through Dosatron's progressive engineering, the DM11F includes:

- Enhanced features, providing longer lasting parts
- The ability to work under the toughest conditions
- The highest quality diaphragm medicator on the market

The water-powered DM11F Diaphragm chemical dispenser and medicator automatically compensates for flow and pressure changes providing consistent, repeatable results for your animals. It is perfect for day-old chicks and also for weaners. The DM11F has a wide flow range from .02 GPM up to 11 GPM.

The Dosatron DM11F diaphragm has been engineered for:

- Medicating
- Sanitizing
- Chlorinating
- Vaccinating
- Water treatments
- Supplements

## UNIT SPECIFICATIONS

DM11F Diaphragm	
MODEL	DM11F
MAX. FLOW	11 GPM
MIN. FLOW	0.02 GPM
DILUTION RANGE	1:128 fixed
INJECTION PERCENT	0.8%
PRESSURE RANGE	1.5 to 85 PSI
CONNECTIONS	3/4" NPT

Includes: mounting bracket, suction tube, and weighted strainer.

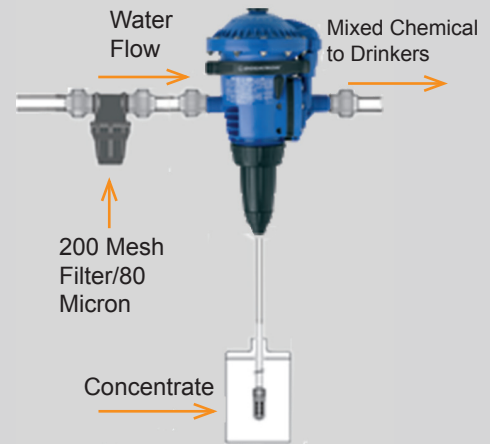

Please review the basic installation drawing for recommended accessories.

MAXIMUM TEMPERATURE: 104 °F

## DM11F FEATURES AND BENEFITS

- **Low flow starting at 0.02 GPM - (1.2 GPH)**  
Treats day-old chicks and weaners
- **High flow up to 11 GPM -**  
Higher flow for growing animals and larger houses
- **Fewer parts -**  
Easy to maintain and field serviceable, no special tools needed
- **Larger capacity -**  
Less strain on motor parts for a longer life
- **No metal parts -**  
Standard injection parts are resistant to most chemicals and there is no need to change parts for different chemicals
- **Standard bypass -**  
You are able to run clear water at the turn of a switch
- **Easy maintenance -**  
Wear parts are easily accessible

## Basic Installation
