Dosatron International, Inc. Introduces New DosaCart Quick Hook-Up Kit

CLEARWATER, Fla, October 15, 2008 - [Dosatron International, Inc.](http://www.dosatronusa.com) announced today the availability of a new DosaCart Quick Hook-up Kit, which greatly simplifies Dosatron fertilizer injector installation for DosaCart users in the horticulture market.

This easy-to-assemble kit contains everything necessary to connect a Dosatron D14 - 14 GPM injector to the new DosaCart, including a 200 mesh filter, check valve, hoses and connections. This kit allows users to install their Dosatrons using only an adjustable wrench. The Quick Hook-up Kit also features a low garden hose hook-up design to help balance the cart and avoid tip-over.

“The introduction of the Quick Hook-up Kit is an exciting development for us at Dosatron,” said Lela Kelly, Vice President of Dosatron International. “We wanted to provide our customers with an easy, safe way to assemble the DosaCart system. This new kit is the perfect solution.”

The Quick Hook-up Kit is available for purchase anywhere Dosatron fertilizer injectors are sold.
