### Flow Restrictor

#### Part #:

- **FR34-3GPM**
- **FR34-7GPM**
- **FR34-9GPM**
- **FR34-10GPM**
- **FR1-20GPM**

Flow Restrictors limit the flow of water or drinking fluid in the pipe.

It is recommended to install a flow restrictor on the inlet side of the Dosatron unit if there is any possibility of overflowing the unit.
