Dosa Lock

INSTRUCTION SHEET

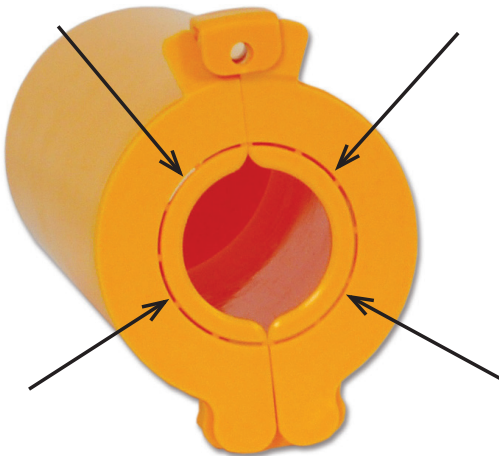

The **DOSA LOCK** is designed to fit small and large injector stems.

For small injector stems, your **DOSA LOCK** device is ready to use without modifications. For models with larger injector stem diameters, simply cut the perforated line as illustrated below.

To determine what size your injector is, review the Injector Stem Diameter Chart below.

Injector Stem Diameter Chart	
Small	Large
D14MZ2	D14MZ5
D14MZ3000	D14MZ10
D25RE2	D14MZ520
D25RE1500	D25RE5
D45RE15	D25RE10
D25RE09	DM11RE3
DI1500	D45RE8
DI16	D8RE2
-	D8RE5

View from top of device

For large injectors, use a utility knife to cut the clam shell opening on the perforated line.
