

DOSATRON®

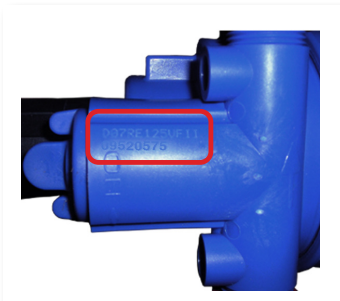

WATER POWERED DOSING TECHNOLOGY

DOSATRON UNIT SERIAL NUMBER LOCATOR

The Serial Number consists of 8-digits etched on your Dosatron unit:

- The **FIRST 2 NUMBERS** represent the **YEAR** the unit was manufactured
- The **NEXT 2** numbers identify the **WEEK** it was manufactured
- The **LAST 4** digits identify the **LOT NUMBER**

Identify the model of your injector, then use the images below to find the location of the Serial Number
